## McLACHLAN SHIELD CONDITIONS

### 30. Regatta points format

- a. Every pair of schools is entered in a head-to-head competition.
- b. Composite crews, supplementary entries and crews scratched before the close of late entries are excluded from the competitions. All other crews in the relevant classes compete in the competitions.
- c. Whenever a pair of schools has crews competing in the same race there is 1 point available in that race towards their head-to-head competition.
  - i. The point goes to the winner between them (based on relative, not absolute, placings).
  - ii. Competing crews that fail to complete an event they entered are treated as coming last behind all finishers.
  - iii. No points are earned from a tie.
- d. At the end of the regatta an outcome is given for each head-to-head pairing. Either, one of the pair has more points and beat the other or, there was a draw.
- e. The final result is determined by schools' outcomes in the head-to-head competitions. The school that beat the most other schools is declared the winner.
- f. Potential ties in the final result are first determined by the head-to-head outcome between the tied school. If the tie is still unresolved then the result is given to the school with the best aggregated head-to-head win:loss ratio. Equal win:loss ratios are declared tied.

### 31. Regatta points, trophies, and certificates
